

THE PENN A'S & G'S CROWD OUT *POA ANNUA*

WHO NEEDS HERBICIDE RESISTANCE?

With the Penn A's and G's, *Poa annua* is squeezed out.

That's what studies* by leading agronomists have found, and it's backed by a growing number of superintendents: The Penn A's and G's consistently crowd *Poa annua* to give you perfect bentgrass greens. So, who needs herbicide resistance?

LESS FERTILIZER, LESS FUNGICIDE, LESS WATER...
CROWDS OUT *POA ANNUA*.
