NEW FOR 2010! The Andersons A+ Comprehensive Turf Health System now includes two key soil amendment products that can help you adjust critical nutrient availability levels to meet your turf health needs. Both products feature our Dispersible Granule (DG) Technology and both distribute healthy high rates of beneficial calcium into the soil **without the problem of mower pickup!**

DGTM LIME (SGN 100)

- Features Dispersing Granule Technology
- Neutralizes Acidic Soils To Attain Optimum pH Levels
- Provides Calcium And Magnesium, Essential For Plant Growth

DGTM GYPSUM (SGN 125)

- Great For Salt-Effectuated Soils
 - Provides Calcium and Sulfur
 - Increases Water Penetration Into The Soil
 - Loosens Hard Packed Soil*
- *Saline-sodic soils

Both DG products disperse within a few minutes of watering
