

## If only everything worked as fast as Dismiss.<sup>®</sup>

Satisfy your need for speed with Dismiss herbicides, the fastest visible control of sedges available.

With all the things you have to do, you don't have time to wait around for your sedge control to start working. That's why FMC Professional Solutions formulated Dismiss turf herbicide for faster, visible control against yellow nutsedge and green kyllinga than any other product. And for most warm season grasses,\* FMC created Dismiss South herbicide to deliver all the sedge control of original Dismiss plus enhanced efficacy against purple nutsedge.

Dismiss and Dismiss South start working immediately, producing noticeable signs of control in just 24 to 48 hours. University research trials have demonstrated greater than 90% control within a week, even before other products begin to work. What's more, Dismiss and Dismiss South also prevent sedge tubers from germinating, helping you avoid future outbreaks and reducing the need for re-treat applications. Once you've experienced the fast-acting, long-lasting control of Dismiss and Dismiss South, you'll wish everything on the job kept you working at top speeds. For more information on Dismiss and Dismiss South, visit [www.fmcprosolutions.com](http://www.fmcprosolutions.com) or contact your local FMC Sales Representative or FMC Distributor.
