

HOW ABOUT A SUMMER WITHOUT STRESS!

Go ahead. Feel free to slack off a little by using **Emerald Isle Solutions™** products. You won't be stressed this summer, because your turf won't be stressed. Emerald Isle Solution's seaplant products increase turf's ability to withstand stress by building root mass and improving carbohydrate reserves.

Use **CPR® 4-0-1** for Color, Performance and Roots and **PanaSea' Plus® 0-2-2** liquid foliar spray for maintaining golf course greens and tees.
