

Interface®

Interface® is a versatile plant health solution that works throughout the year. When turf disease problems arise, treating them has been the norm. Now you can control disease and also get stronger, healthier turf. Interface® is a versatile option that delivers broad-spectrum control of diseases like dollar spot, snow mold, brown patch and leaf spot and also strengthens turf. Interface with *StressGard™* Formulation Technology is fully supported with labeled plant health claims for even greater assurance. It can be applied throughout the year, especially as part of a DMI rotation or with an existing PGR program. Learn more at backedbybayer.com/interface.

1% of *StressGard™* product sales will support
 Healthy Turf Healthy Tomorrow.
