

OFFICIAL BULLETIN WISCONSIN GOLF COURSE SUPERINTENDENTS ASSOCIATION

May, 1976

Vol. 2 No. 3

THE PRESIDENT'S MESSAGE

With the golf season off to a good start and a great Spring, weather wise, it's time to look ahead for possible problems. Look over your maintenance building and storage spaces, to see if any improvements can be made. With the EPA around the corner, it could save a lot of trouble just to try and live up to their standards. Some of us do have problems, but have their hands tied when it comes time to be of help to their clubs. It takes patience on the part of the Superintendent when these problems occur. Hang in there fellas.

With the Grass Roots, an excellent news letter, more people are becoming aware of its value. The articles and letters have definitely become an educational value to a great many of us.

It is important that the readers also look at the advertisements and see who are the ones that support our paper. These people are of great value to our association. The old stand bys have done many deeds for our association and are always there to help in any way possible.

We had a first for our association, when the board of directors accepted the application of a woman. Janet
