The conference's objectives are (1) to produce "state of the art" information and to document what is now known as it applies to recreational turf; (2) to generate additional information on wastewater uses; (3) to produce "guide line" information for publication.

All golf course superintendents are invited to attend. The registration fee for the conference is \$50.00 which includes two lunches and a copy of the conference proceedings. The proceedings will be mailed as soon as possible after the conference to all attendees.
