President's Message

Along with the long hours we put into maintain and to improve our golf courses, many Superintendents are also involved with outside interests.

Many members put in long hours for the improvement of the Wisconsin Golf Course Superintendents Association, which is very much appreciated.

However it is important to be involved with your community.

One Person's Definition:

Rugged Individualism

By Dave Shallenberger
Tri-County Apartment Association

A young man lived with his parents in a public housing development. He attended public school, rode the free school bus, participated in the free lunch program, played in State parks, swam in the City pool. He entered the Army and upon discharge kept his national life insurance. He then enrolled in the State University, working part-time in the State Capitol to supplement his GI check.

Upon graduation he married a public health nurse, and bought a farm with an FHA loan, and then obtained a Small Business

Administration loan to go into business. A baby was born in the County hospital. He bought a ranch with the aid of another GI loan and obtained emergency feed from the Government.

Later he put part of his land into the Soil Bank. His parents live comfortably on the ranch with their Social Security and Old Age Assistance checks. REA lines supplied electricity. The Department of Agriculture helped clear the land. The County agent showed him how to terrace it. Then the Government paid part of the costs of a pond

and stocked it with fish. He was guaranteed a sale for his farm products by a federal agency.

Books from the Public Library were delivered to his door. He banked money which a Government agency insured.

Then one day he wrote to his Congressman: "I wish to protest excessive Government spending and high taxes. I believe in rugged individualism. I am opposed to all socialistic trends and I demand a return to the principles of our Constitution."

There are many organizations in each community that is always in need of a helping hand. A little bit of your time with such organizations will mean a lot to your community and also you.

It will give you a better outlook on your neighbors and it will give your members a chance to see you care about your community beyond your job.

If you are not already involved, Try It. You will get a lot of pleasure serving someone without the thought of what's in it for me?
