

NEW BANOL.TM TAKES THE WORRY OUT OF PYTHIUM.

New systemic action BANOL Turf Fungicide works in a low-cost program of prevention to eliminate the potential turf devastation of Pythium blight. Or BANOL can be used to stop Pythium once it starts. Of course, prevention is best!

BANOL has longer residual, up to 10-21 days, for less frequent applications and additional savings in labor, fuel and equipment. BANOL doesn't wash off like contact fungicides. Your irrigation program can be continued for good turf health and appearance. And BANOL is compatible in a tank mix with many other fungicides and insecticides.

BAN ON ROUNDUP VETOED

In March of this year, the Milwaukee County Parks Committee recommended to the county board that it pass a ban on the herbicide ROUNDUP until there was evidence the herbicide was safe. It was a move inspired by a letter, containing a lot of false information, from the Milwaukee County employees' union. The union wanted the material banned because it felt ROUNDUP wasn't safe to use. The county board passed the recommendation from the Parks Committee and ruled out the purchase and use of ROUNDUP herbicide by the county. Following a May 1 public hearing, the Parks Committee voted to rescind their earlier action. The County Executive then vetoed the ban and the veto was not overridden. The Wisconsin Agri-Business Council was deeply involved in the public hearings and in getting information out to the public that was accurate.

This seeming victory has been dampened somewhat. Another resolution has been introduced banning **all** herbicide use on County controlled lands.

What next?

Toro Spartan 7 Gang fairway mowers with frames. Unit is in good condition and ready for use. Equipped with seven blade reels. Call Roger Bell at North Shore Golf Club; (414) 739-729.

Three electric motors: one Westinghouse Lifeline-T 40 H.P., 3530 RPM, 230/460 volts and 95.6/47.8 amps; one Allis-Chalmers Induction motor, 30 H.P., 3530 RPM, 230/460 volts and 70.8/35.4 amps; one U.S. Electrical Unidclosed Motor, 40 H.P., 3000-3600 RPM, 200/220/440 volts, 104/98/49 amps. One Crane-Deming Pump, 100 GPM, 380 Ft., 3500 RPM, 3"x2"x11", 9 9/16 diameter, Type BF. Best offer. Contact Monroe S. Miller at Blackhawk Country Club. (608) 238-3023.
