

ROBERTS SEEKS RE-ELECTION TO GCSAA BOARD

WGCSA President Bill Roberts plans to run for re-election to the Golf Course Superintendents Association of America Board of Directors at the association annual

meeting in Houston in early 1988.

Bill addresses his plans and a request for WGCSA support in the following letter to the membership:

May 29, 1987

Dear WGCSA Members,

Once again, with a degree of confidence, humility and pride, I seek the support of the Wisconsin Golf Course Superintendents Association for nomination for the office of Director of the Golf Course Superintendents Association of America.

I believe my interest in the "National" was evidenced by my participation in GCSAA affairs before election to my current term. I know my experience as a Director and officer of the Wisconsin GCSA has been invaluable in helping me to serve, on balance, the ultimate interests of all members. I am secure in the knowledge that my two years as a member of GCSAA's Board of Directors have been productive and have shown that I can be an effective partner in the group, working with other Directors and staff and, more importantly, working for GCSAA's members.

My sense of humility is mixed with the intense pride I have always felt as one of a profession whose members are the most dedicated, vital and hardworking group of individuals it has ever been my privilege to know. Our collective future is limited only by ourselves and having long been a believer in the old adage, "You only get back what you put in", I trust that my time, energy and talents may be of use to our Association in realizing the resolution of the challenges presented to the Golf Course Superintendent, now and in the future.

With the complete support of my family, my employer and my staff, I ask the same commitment from the Wisconsin Golf Course Superintendents Association in continuing what I believe has been and will be a very rewarding experience for all of us.

Respectfully,

William R. Roberts, CGCS
