The 1990 Wisconsin Turfgrass Association Winter Turfgrass Conference and Trade Show, held on January 9th and 10th was used as a setting for some very generous additions to the NOER CENTER coffers.

Ed Devinger presented the UWF with a personal check for \$175, the result of a program he initiated a year ago and that was promoted by Rod Johnson. Then, in his role as Turf Division Manager for Reinders Brothers, he presented the UW Foundation the proceeds from a company promotion, a handsome gift of \$4,290!

"Reinders Brothers, Inc. is pleased to donate to the O.J. NOER Center for TURFGRASS RESEARCH again in 1989 from the sales of Daconil products," Devinger said. "We gratefully acknowledge the following customers who purchased Daconil during 1989 and have made this donation possible:"

WTA director Bill Vogel had a similar promotion with a Spring Valley Product and that program contributed \$1,495.50 to the NOER project.

The new president of the Wisconsin

Golf Course Superintendents Association, Rod Johnson, took great pride in adding \$2,372.22 to the UWF for the NOER CENTER. That amount represented the income over expense for the operation of *The GRASS ROOTS* in 1989.

New WTA president Red Roskopf, representing the Wisconsin Golf Course Association, formally presented his group's second payment (\$2,000) on their \$15,000 pledge.

KERSHASKY TO HOST '90 GOLF OUTING

The 1990 Wisconsin Turfgrass Association Golf Outing will be held at Westmoor Country Club on October 9, 1990. Jerry Kershasky and Bill Vogel are handling the arrangements and have promised a premier event.

Red Roskopf added \$2,000 to the WGCA pledge to the NOER CENTER.

Ed Devinger presented a check to the NOER CENTER from Reinders and one from his own pocket.

The WGCSA president was pleased to give the WTA president over \$2,200 for the UWF from the WGCSA's *The GRASS ROOTS*!

WTA President Terry Kurth accepted Spring Valley's promotion proceeds from Bill Vogel.
