Dear Monroe:

I wanted to write and thank the WGCSA for the "Bill Roberts Issue" published for March/April, 1992. The coverage of my election to GCSAA's presidency was terrific, as was Lori Ward Bocher's "Personality Profile". It takes on special significance for me coming from my old friends in Wisconsin.

I'm looking forward to a very busy, productive year as I really believe our association and our profession are positioned to continue to have the major impact on the industry and on the game of golf itself. That positioning is a direct result of the commitment and professionalism exhibited by our membership and personified by groups such as the Wisconsin Golf Course Superintendents Association.

I'll be over to see you this year.

Sincerely,

William R. Roberts  
President
