

WE NEED YOUR HELP

By Bruce Worzella

It seems only natural in this day and age that presidents of companies, organizations, and even the president of our great nation request help. Usually their requests cost you money in some way or another. Well, I am not asking for money, but our association needs 1994 monthly meeting sites.

Our membership encompasses a large area all around this wonderful state of Wisconsin, and to shorten your travel time to the bare minimum, I

ask if you would please consider hosting a monthly meeting.

I have hosted a few WGCSA monthly meetings—the Couples Get-A-Way, the WTA and the O.J. Noer Foundation golf benefits. Believe me, it really gives you a good sense of self gratification. And it assists with an important part of your association. So give a thought to having your colleagues visit your golf course in 1993.

I need to thank all of the WGCSA

members who purchased the pesticide signs. Your compliance demonstrates a spirit of cooperation and an environmental awareness. It also shows you care about the future of our profession.

I commend you on your efforts, along with Rod Johnson's dedication and hard work which made this project possible and successful.

I wish everyone an enjoyable season and hope to see many of you at our meetings. 🍷

**Don't
Miss It!**
