
THE GRASS ROOTS Article Index - 1994

Compiled by Larry Lennert

Awards

A Few Observations And A Few Awards, by Monroe S. Miller, January/February, p. 15.

The Grass Roots Judged "Best" In Its Category, by Monroe S. Miller, March/April, p. 39.

The Campus Connection

A Moral Defense, by Derek Van Damme, March/April, p. 19.

How Fine Is Fine?, by Christopher L. Kerkman, July/August, p. 31.

The Need For Micronutrients In Putting Green Rootzone Mixes, by Bret M. Lynch, July/August, p. 43.

Creeping Bentgrass Response To New Nitrogen Carriers, by Richard A. Schmeizer, July/August, p. 49.

Boron Deficiency In Putting Greens?, by Forrest D. Dean, September/October, p. 9.

Cultural Practices

Aerification 1994: Today's Techniques And Tomorrow's Trends, by Robert J. Erdahl, March/April, p. 21.

How Deep Are Those Holes?, by Robert J. Erdahl, March/April, p. 45.

Using Rollers On Putting Green Surfaces, by Wayne Otto, May/June, p. 15.

Rolling Greens At Westmoor, by Jerry Kershasky, May/June, p. 16.

NGC's Experience With Washed Sod, by Randy Smith, July/August, p. 28.

Washed Sod: A Legitimate Management Option, by Ray Shane, July/August, p. 39.

Golf Turf Weed Management: Now's The Time, by Dr. Frank S. Rossi, September/October, p. 15.

Reshaping Fairways, by Todd Clark and Monroe S. Miller, September/October, p. 35.

The Cutting Edge

Using Rollers On Putting Green Surfaces, by Wayne Otto, May/June, p. 15.

Rolling Greens At Westmoor, by Jerry Kershasky, May/June, p. 16.

NGC's Experience With Washed Sod, by Randy Smith, July/August, p. 28.

Washed Sod: A Legitimate Management Option, by Ray Shane, July/August, p. 39.

Ozaukee Country Club: A True Steward Of The Land, by Phil Bailey, September/October, p. 26.

Reshaping Fairways, by Todd Clark and Monroe S. Miller, September/October, p. 35.

Why You Need Protection For Your Irrigation Control System, by Joe Becker, November/December, p. 21.

Editorial

A Simple Proposal: GCSAA Should Cut Dues In Half, by Monroe S. Miller, January/February, p. 5.

Wisconsin Owes Milorganite More Support, by Monroe S. Miller, January/February, p. 25.

We Applaud..., by Monroe S. Miller, March/April, p. 5.

The Questions Keep Coming, by Monroe S. Miller, May/June, p. 17.

Make This Your "Year Of The Green Section", by Monroe S. Miller, May/June, p. 49.

Two Who Made A Difference, by Monroe S. Miller, September/October, p. 11.

Congratulations To..., by Monroe S. Miller, September/October, p. 45.

A Fresh Breeze From Kansas, by Monroe S. Miller, November/December, p. 25.

What's In A Name?, by William Newton, November/December, p. 45.

The Editor's Notebook

A Few Observations And A Few Awards, by Monroe S. Miller, January/February, p. 15.

The Roller Coaster Ride To Spring, by Monroe S. Miller, March/April, p. 7.

Wisconsin Awakens To A Perfect Season's Beginning, by Monroe S. Miller, May/June, p. 4.

Now That Was A Spring!, by Monroe S. Miller, July/August, p. 5.

Now That Was A Summer!, by Monroe S. Miller, September/October, p. 5.

As The World Turns, by Monroe S. Miller, November/December, p. 5.

Education

1993 Wisconsin Golf Turf Symposium "Getting Right With God", by Monroe S. Miller, January/February, p. 26.

Expo 94 Lives Up To It's Billing!, by Monroe S. Miller, March/April, p. 15.

Dallas Conference Merits "Average" Marks, by Monroe S. Miller and Chad D. Eberhardt, March/April, p. 28.

Symposium To Gaze Into Future, by Rod Johnson, September/October, p. 29.

Now That Was A Field Day!, by Monroe S. Miller, November/December, p. 27.

Equipment

Using Rollers On Putting Green Surfaces, by Wayne Otto, May/June, p. 15.

Rolling Greens At Westmoor, by Jerry Kershasky, May/June, p. 16.

I Can't Hear You, by Monroe S. Miller, September/October, p. 31.

FOR SALE

FAIRWAY SPRAYER FOR SALE.

Excellent condition. 1985 FMC Bean 300 gallon DO20P300F hydraulic sprayer, mechanical agitation with stainless steel tank mounted on a heavy-duty angle iron trailer with high flotation tires. Powered by a 12 hp 4-cycle Kohler engine with electric start. The pump is a 20 gpm DO20 pump. The boom is a Chem Pro 20' with meter cone nozzles that have a large non-plugging orifice and will deliver a uniform low drift droplet to the turf. The master controls for the boom are mounted on a magnetic base and can be placed right next to the operator. The controls include a 4" glycerin filled pressure gauge, a pressure adjust switch, and shut-off switches for each of the three sections of the boom. \$3,500. Contact Jerry Kershasky, Westmoor CC in Brookfield @ 414-796-7815.

Gone Fishing. Thanks to 7-3-22 with Team.*

For controlling grassy weeds and restoring potash levels, there's no more economical, effective and time-saving combination than Country Club® 7-3-22 with Team* pre-emergence herbicide.

So start applying an advanced herbicide and fertilizer in just one step. And take advantage of all that free time for more leisurely pursuits.
