ABOUT THE COVER

It was going to take a cover like this one to put Jen Samerdyke's career as our official Grass Roots artist into perspective. It also seem the best way to pay tribute to her and to thank her for her wonderful contributions.

This is also an opportunity to introduce Jen's replacement - Beverly Bergemann. She sketched the cameo of Jen and designed the rest of the cover. She has a challenge ahead of her, but this cover makes it clear she is up to the task.

"This is the true joy of life: the being used up for a purpose, recognized by yourself as a mighty one: being a force of nature instead of a feverish, selfish, little clot of ailments and grievances, complaining that the world will not devote itself to making you happy."

— George Bernard Shaw
