ABOUT THE COVER

The ninth hole at West Bend Country Club shows the slopes and contours developed by Langford in 1930.

Hazards should be placed so that any player can avoid them if he gauges his ability correctly, so that these obstacles will make every man's game more interesting, no matter what class player he is.
By Architect William Boyce Langford, Civil Engineer and Golf Course Architect 1887-1976

This quote by Langford expresses his golf course design theories.
