

Who?

*Who comforts me, when the
greens turn brown,
Who does my work
when I'm not around?*

*Turns off the pumps
when they're forgotten,
Soothes my brow,
when I feel rotten?*

*Gives me Maalox,
when my men don't show,
Overlooks the green
they 'forgot' to mow?*

*Who calms me down
and kisses my tears,
When I waited 6 months
for the part from Sears?*

*Who says, I'll walk
I don't have to ride,
And does a day's work
with old fashioned pride?*

*Is a comfort, a blessing,
a joy to be near,
Boosts up my ego,
dismisses my fears?*

*Lifts my balls out of the rough
When the scene is bad,
and the going's tough?*

Nobody!
