

Spreading the Breeze

By Rod Johnson and Mike Semler

Normally the Breeze would start with an analysis and summary of the weather. This summer's weather is not deserving of the ink! Any description of what Mother Nature has dealt us would have to include many unprintable words. It's been like moving to St. Louis without the help of the Mayflower Movers.

The fall season is finally approaching and hopefully with it will be the return of cool weather. The fall season brings us to the final two monthly meetings of 1987. The September W.G.C.S.A. meeting is scheduled for Monday the 14th at Mascoutin Country Club. Our host will be **Glenn Gerth** who has been with Mascoutin since day one (1976). Mascoutin Country Club was designed by Lawrence Packard and is a semi-private, 18 hole facility. While playing Mascoutin be sure to take note of the 10,000 Christmas trees which have been planted on or near the course. Future plans call of the harvesting of the trees with all funds collected to be used to purchase golf course equipment.

Our final golf meeting of 1987 will be held on October 12 at Deer Run Club in Brillion. Our hosts for the day will be the owners and the operators of Deer Run, **Elwood Huenerberg** and his wife Muriel and their son **Gary**. Both Woody and Gary are active W.G.C.S.A. members traveling long distances to attend a majority of our meetings. Let's return the consideration and attend Woody's meeting. Deer Run is a 9 hole semi-private club which is 23 years old, the last 9 years of which the Huenerberg's have owned it.

Hope to see all of you at the final two outings of 1987. While on the subject of meeting sites, the Golf and Arrangements Committee is in dire need of host golf courses for 1988. To date there is only one volunteer for '88. It looks to me like a perfect opportunity for anyone who has been complaining about travel distances to step forward and host a meeting. Call **Mike Semler** today to reserve the month of your choice.

This issue finds us in the middle of the W.G.C.S.A. Baby Boom. Congratulations are due to **Rick Langes** of Reedsburg Country Club on a baby girl, to **Jeff Parks** of Lake Arrowhead, also a girl, and to **Marc Davisons** of

that golf course in Kohler, another girl. Blue Ribbons for baby boys go to the **Gary Tankos** of Sentry World and **Jim Johnsons** of Lesco Sales. The writing of this column finds the **Nortons** and the **Witkowskis** still waiting for their little diaper fillers.

The wedding bells and horn honking you heard on the last Saturday of July were for **Greg Senst**, Country Club Fertilizers. Not to be out done, "**Jump-in**" **Jim Spindler** of Milorganite fame has set a date of February 13, 1988 to begin his life of marital bliss.

This year has brought many interesting golf shots for W.G.C.S.A. members. The most notable to date was the shot by **Joe Wollner** (Gerry Ford) to the head of **M.K.** (Charley Brown). A second notable golf shot was by our leader **Bill Roberts**. It seems a mighty swing of the Cleveland Classic wedged the ball under his left instep. Bill's golf game has been steadily improving with two scores below the century mark and a golf prize of a fishing rod and reel to his credit.
