

## A BOB WELCH PHOTO ALBUM

This picture of Bob Welch was taken at Brynwood C.C. in June of 1970. Bob was measuring a green with the "Maples-Tufts" board.

Bob and Martin Mikulski looking at fairway renovation results at the South Hills Club in Fond du Lac in June of 1974.

Bob always enjoyed leaving the office to head outside to see how Milorganite was working in the field. Here he and Jim Latham are working on plots in Oak Creek in 1976.

Bob, Wayne Otto and Jim Spindler sampling soil in December of 1985.

Here is Bob showing remnants of Milorganite chaff applications in Lincoln park in April of 1975.
