

Badger State Turf Clippings

By Tom Wentz and the Reinders Team

Spring supposedly came on the scene in March, but what an extreme Spring we have had so far. Not exactly great golf weather with it coming on later, colder, wetter and windier!! Oh well, we will manage the extremes the best we can and make the most of the slow start to the season.

In Memoriam

On Sunday, April 27, 2008 we lost a key contributor to the golf business in Wisconsin. **Ralph Christopherson** past away at the age of 89. He founded Wisconsin Turf Equipment Corporation in Janesville in 1956. Ralph sold the company to his son Lyle in February 2001. Our thoughts and prayers are extended to the family and friends.
