GCSAA

Left: Club Cars New 4 passenger golf carts are being promoted to help make golf fun!

Right: New easy to use big cups and cutters allow courses to host big cup events for regular and beginning players. These shown are from Par Aid but other vendors have them as well.

You work hard to maintain the quality and color of your turf.
But now it's become just a little bit easier, with SURFCOTE®-4 extended-release fertilizer.

SURFCOTE-4 uses innovative polymer resin to provide a temperature-dependent nutrient release. As temperatures warm, urea nitrogen is released at a consistent rate, to match the nutrient demand of the turf.

By extending nutrient release by up to 120 days, SURFCOTE-4 helps turf achieve its full potential for growth and vigor.

BADGER STATE TURF CLIPPINGS

News and Notes From WGCSA Members

By Matt Kinnard and The DHD Team

Tt is March 21st as I write this and it is ■ most definitely a different story today than as of a year ago. The Weather Channel pointed that out clearly this week using International Falls, MN as the prime example. On March 17th 2012 International Falls had a high of 77° and this year on the same date had a low of -28°. A temperature swing of 105°. Closer to home at DHD World Headquarters in Juneau, WI we had a swing of 72° the date of March 21st from one year to the next. Hard to believe, but that's what is going on. I guess that's how we get averages??? By the time you are all reading this the weather should be warming up, snow melting and if there is any winter damage it will be visible. Good luck to you all.

Career Moves

Steve Houlihan is the new golf course superintendent at Blue Mound Golf and Country Club, Milwaukee. Steve grew up in the golf industry as a nephew of the Shaw brothers and worked for his uncle Jim at Chenequa Country Club in high school. Steve attended college at UW-Madison and received his bachelors degree in 2003 before continuing on to graduate school. Under Dr. Wayne Kussow he completed his Masters degree in 2005.

Meanwhile, Steve had the opportunity to work at Merrill Hills Country Club, Blackwolf Run and the OJ Noer Turfgrass Research Foundation. In 2011, Steve moved on to the Assistants position at Blue Mound Golf and Country Club.

It's been an exciting and busy time for Steve, his wife. Kate, and 16 month old daughter, Aubrey, but he still finds time to actively support the Evans Scholar Foundation, an organization dedicated to sending deserving caddies to college. Congratulations Steve!

Nakoma Country Club, Madison, will see a new face on the golf course this year. **Mike Lemke** has accepted the golf course superintendents position there. Mike started working at Whispering Springs Golf Course, in Fond du Lac, at age 16 and decided he wanted to make golf course management his career. He went on the graduate from Rutgers University in 2011. Mike was the Assistant Superintendent at Whispering Springs for many years and moved on to become the Assistant Superintendent at The Golf Courses of Lawsonia in 2011. Congratulations Mike!

Joshua Maladay was hired as the new Assistant Superintendent as Oconomowoc Golf Club in January. Joshua graduated from Southwest Technical College in 2006 and has past experience working at Erin Hills, Hawks Landing and Winged Foot GC (NY). Joshua was also recently

engaged. Congratulations Joshua!

Gabe Lopez, formerly of Reinders, has accomplished his lifelong goal of starting his own business. Irrigation Protection Service, located in Delevan, WI recently began servicing customers in Wisconsin and the greater Midwest area and specializes in repair and maintenance of pump stations, field controls and products related to

underground irrigation systems. For more information visit ips911.com. Congratulations, Gabe, on your new business!

Baby News

Ben Labarre, Superintendent at The Legends at Bristlecone, Hartland, and his wife, Jen, welcomed home a new baby boy last fall. Brady was born September 5th, weighing in at 5 lbs 20 oz and 20 inches. Big brother Jackson was excited to welcome his new brother home. Con-

gratulations to the Labarre family!

Awards

The Golf Course Owners of Wisconsin had their annual awards presentation last November. GCOW presents awards for both nine hole and eighteen hole facilities. The award for Best Golf Course Appearance and Maintenance for a 9- hole course was given to Fairfield Hills CC, Baraboo, and to Mid Vallee GC, De Pere, for an 18- hole facility. The Course of the Year award went to Missing Links GC, Mequon, for a 9- hole facility and Geneva National GC, Lake Geneva, for an 18-hole facility. Congratulations to all the winners and the staff members that make it possible!

Other News

Kristopher Pinkerton, Superintendent at Oshkosh County Club landed this 250 pound wild boar while hunting in Alabama in January.

Please pass along any significant news or happenings around the state to Danny, Mike or me. We want to spread the good news. You can also email me at m.kinnard@sbcglobal.net or call at 920-210-9059.

BADGER STATE TURF CLIPPINGS

Coming Events!

Tue April 23rd, April Golf Meeting, The Club at Strawberry Creek, Kenosha, Host - Matt Kregel

Mon May 6th, May Golf Meeting, North Hills CC, Mequon, Host - Randal Dupont

Wed May 29th, Super/Pro, Fox Valley Golf Club, Kaukauna, Host - Scott Bushman

Mon June 17th, WGCSA Tournament Meeting, South Hills CC, Fond du Lac, Host - Jim Van Herwynen

Tue July 30th, UW - Summer Field Day, OJ Noer Facility, Verona, Host - Tom Schwab

Tue August 20th, Joint meeting w/NGL, Stevens Point CC, St. Point, Host - John Femal

Mon September 16th, Wee One, Pine Hills CC, Sheboygan, Host - Rod Johnson

Mon September 23rd, WTA Golf Fundraiser, Maple Bluff CC, Host - Josh Lepine CGCS

EDITORS NOTEBOOK

Spring at Last?

By David Brandenburg, Golf Course Manager, Rolling Meadows Golf Course

Editors Note: Historically The Grass Roots has not promoted specific products in articles or editorial content. We do appreciate our many vendors and the support they give us but do our best to stay non-commercial. However we do find it appropriate to highlight events WGCSA members attend and employee news. In this issue we are featuring Reinders Conference and we welcome submissions from our other valuable vendor members when they have their own events.

I hope you were able to take advantage of the many educational opprotunites this past winter. The WTA, GCCSA, NGLGCSA all provided some great opprounites this winter. Our vendors also provide some excellent clinics and symposiums on a variety of subjects.

Reinders hosts the states best attended conference and this year was no different with the 21st Green Industry Conference. Hosted every other year since 1973 the event has drawn over 1500 golf and facility managers in recent years.

Top Left: Dr Joe Vargas has spoke at all 21 Reinders Conferences.

Bottom Left: Craig Reinders presents Heather Henning of Racine Country Club the show grand prize, a trip to Disney World along with \$1,000 spending money! Congrats Heather!

Top Right: The busteling show floor from the balcony.

Bottom Right: "Riding the Wave" is John Jensen, Mark Robel Joe Kuta, Randy Dupont, Rod Johnson, Tom Speltz and Dean Musbach

EDITORS NOTEBOOK

No matter what the weather does from here on out we are looking at a late spring especially compared to last year. Topics on the GCSAA website and the Noernet have focused on removing ice or not removing ice and turf managers look for ways to improve the odds of turf survival.

It is hard for golfers to understand that every year is different and we have little control over when opening day is so we need to bear their repeated "are you open yet?" comments.

In Fond du Lac we had a lot of snow this year and have had our share of turf damage over the years mainly from water not being able to move in the winter due to ice and snow blocking the path.

We removed some snow in January but then had a complete thaw and the course was still green at that time but dormant. Then thinking spring was on the way we removed some snow in early March only to have it snow again and again. On March 25th using a snowblower for the deep snow but mainly our dump truck and plow we removed snow from all our greens to promote ice melt.

The entire course was frozen with a layer of ice so we could do no damage anyway. In hindsight it seems to have worked out as the ice was off the greens by Friday and they looked good with no odor.

We are somewhat nervous about fairway damage given the prolonged ice cover and freeze thaw cycles but time will tell. Good luck to all as we hopefully head out of the deep freeze soon.

	OPENINGS	CLOSURES	NET CHANGE
TOTAL 2012	13.5	154.5	-141.0
Daily Fee	8.5	130.5	-122.0
Municipal	1.5	8.5	-7.0
Private	3.5	15.5	-12.0

According the National Golf Foundation course closures outpaced openings for the 7th straight year with a net loss of 141 18-hole equivalents.

Since 1995 the industry has seen a net loss of 499.5 18-hole equivalent golf courses which sounds like a lot and is if your course was one of them shuttered but it only represents 3.3% of the market.

The late opening every course in Wisconsin is experiencing this spring will reduce cash flow and stretch reserves to the limit as new income is slow to reach the cash registers when snow is on the ground.

To save on postage costs but to still bring you paper meeting notices we are sending the meeting notices out with *The Grass Roots* to each member. We have some great venues coming up so be sure to attend our events. I can honestly say I have never been to a WGCSA golf event and not learned something both from the course and other attendees.

Be sure to register on time to allow the host club to accommodate us. The rest of the event schedule is on page 47.

The Super Pro is May 29th at Fox Valley Golf Club. Registration

is through the PGA of Wisconsin so talk to your professional today to sign up for that fun event.

One of the benefits of the long winter it the chance to stay caught up on reading the many periodicals we receive. I urge you to check out Pat Jones's article "You Gotta Believe" in the February issue of *Golf Course Industry*. The column covers the rewards and challenges young men and women should consider before they consider a career in turfgrass management.

Water use and conservation was a main topic at the Golf Industry Show and the spring WGCSA meeting. It is also a topic on the publics minds as most of the papers in the state picked up on new information out from the DNR on surface and ground water use.

Although golf is not a high user by percentage when you look at the list we are a expendable user in the eyes of the general public.

As turf mangers we do what we can to conserve water because it is the right thing for plant health, playing conditions and the environment. Turfgrass is important to a healthy environment to reduce erosion, offer green space and oxygen production.

Grass might be great in our minds but when compared to crops for food or animals and manufacturing golf takes a back seat. Golf is the 7th largest user of groundwater at 4.2 billion gallons or a mere 2% of total groundwater use in Wisconsin. Municipal water supply leads the list with 90 billion gallons while agriculture irrigation uses 74 billion.

For surface water golf uses 434 million gallons and is 11th on the list at .022% of the total used. Power generation and paper production are the two big users of surface water with 1.6 billion and 121 million respectively.

What is considered a important use of water by our industry is considered cosmetic or non-essential use in the court of public opinion. We will need to be prepared to defend our use of water and show how we limit the use of this valuable resource in the near future.

Good luck with the rest of spring and your course openings. Hopefully the delayed spring will be rewarded with good weather, gentle and timely rain at night and golf shops full of happy customers.
