August Meeting---Aug 11,1959
EDINA COUNTRY CLUB
GOLF ** 1PM
YOU CAN FIND IT*
JOE RUSH**SUP'T AND HOST.
DINNER**6:30 PM

THIS will be the last meeting before we have our annual tourament at the WOODHILL country Club. So you have a month and a k half to sharpen up your game. There will be numerous prizes for this event.

This office would like to thank the various clubs for there most generous cooperation in assisting HERB CHORS and the MPLS GOLF CLUB during the PGA tournament,and to Dick McLaughlin for his untiring efforts in making our contributions to the Mpls Club a success.Our ass'n was complimented several times for our assistance. Our Ass'n is something to be proud of.

The National members of our Ass'n all had season buttons for this event. This alone should be worth something in the future.So join the gang that sees the world thru golf.

Our President Dick McLaughlin made the presentation to HERBCohrs in the form of a plaque awarded by the Minnesota Ass'n

HOLE NOTES**************************************
LYLE CRAN sup't at the Stillwater C.C. opened his new second nine July 12,1959. Weid weather confronted Lyle as the fog rolled in, the golfers could not see the ball on the green.After 2 years of waiting to play on the new greens,the members could not see the cup on the green.But after seeing Lyle's work,and hearing all about it,he sure has something to be proud of.He is a credit ot the Ass'n for his fine work. Good Luck Lyle. Now all you have to do Lyle is joing the National Ass'n. I have the application blanks.

GIL FOSTER will have his own course which is a par three layout playable in the very near future.The only thing Gil is complaining about is the new seed PENN CROSS,you see he has a nursery full of C-19 stolons that he can not get rid of. FOR SALE AT A GOOD PRICE.

ED NOHAVA will have some movies to show at our meeting.They should be of intrest to all.These films are of all meetings prior to the August meeting.

FRANK ANDERSON at GOLDEN VALLEY received a call a few nites ago stating that there is no water coming out of the sprinklers,result casing in the well had to be lowered 40 ft. As you can see a Sup't has just no limit to the troubles that exists.
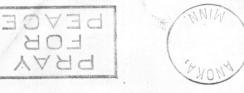

CARL ANDERSON at WOODHILL C.C. is going to need an assist during the TRANS-MISSISSIPPI, your cooperation will be greatly appreciated.All NATIONAL members will receive tickets for this event from this office or from the Woodhill C.C.

The edina country club has taken on a new look,so you will do well to see this improvement.
