

MARCH MEETING FEATURES SEMINAR

Great presentations, interesting questions and spirited discussions during the mini seminar left the superintendent participants intellectually sapped when the monthly meeting was called to order. Aside from acceptance of new members it was the world's shortest meeting. Conviviality and an excellent dinner followed.

DISTINGUISHED PANEL. Fielding questions from the floor are left to right, Dr. Donald White, Dr. Ward Stienstra, Dr. Jim Watson, Dr. George Blake and Dr. Robert Shearman of University of Nebraska.
