

MEET YOUR SUPERINTENDENTS !

FRED ANDERSON, golf course superintendent at the Mora Country Club, is one of the very active members of M.G.C.S.A. Even though Fred lives quite some distance from the location of most of the monthly meetings, he very rarely misses attending one. Fred became interested in turf care at a later stage in life and now has been at the Mora Country Club as superintendent for eleven years. A member of M.G.C.S.A. since 1966, Fred and his wife, Phyllis, have two grown sons, Fred, Jr. and Paul. Besides the normal hobbies of golf, hunting and fishing, Fred is also very interested in education as he served on the Mora School Board for twenty-four years.

LARRY MUELLER has been associated with the Minnesota Valley Country Club for the last sixteen years, three years as assistant to M.G.C.S.A. Life-Member Frank Chellis and thirteen years as head superintendent. His education has also been supplemented during this time by his participation in a winter turf school at the University of Illinois. Larry has been a member of M.G.C.S.A. since 1964 and is now serving his first term on the Board of Directors. As head of the Arrangements Committee, Larry has done an outstanding job organizing and planning the monthly meetings. Larry is also a member of G.C.S.A.A. and he and his wife, Joan, have a son, Brian, three, and one due any day now. When not at the golf course, Larry enjoys hunting, fishing and farming.

NICK DUNN FETED

Nick Dunn, golf course superintendent at Hazeltine National Golf Club, Chaska, Minnesota received a 1977 "Citation of Performance" award from his professional organization at ceremonies closing the U.S. Women's Open Golf Championship tournament at his club.

The award, recognizing Dunn's overall managerial skills and special preparations for the tournament, is a major award given by the Minnesota Golf Course Superintendents' Association.

Nick joined the staff of Hazeltine in January 1975. In addition to meeting the U.S. Golf Association's requirements for the tournament, he also is responsible for the day-to-day conditions of the par 72 championship course that can be stretched to 7,400 yards.

Designed by Robert Trent Jones, Hazeltine has about 100 bunkers, many trees and ponds as well as moderately large greens.
