

Green Clippings

SORRY, OUR ERROR! We would like to apologize for a statement that was erroneously printed in the "Meet Your Superintendents" portion of the September 1978 HOLE NOTES. At that time we stated that Clem McCann was the first superintendent hired by the Bunker Hills Golf Club in Coon Rapids. In actuality, M.G.C.S.A. Life Member Ray Hall was the first superintendent and one of his duties was to hire Clem who then eventually took over. We stand corrected and hope this sets the record straight.

ROAD TO RECOVERY. Neil Draz, long time member of M.G.C.S.A. and Golf Course Superintendent at the Phalen Golf Course, has been sidelined the last six weeks after suffering a heart attack on March 14. We are happy to report that he is now home, exercising daily and looking forward to returning to his favorite spot, the Phalen Golf Course.

TURF-A-RAMA. On Tuesday, March 20 Minnesota Toro, Inc. held one of its four area Turf-A-Ramas at the Leamington Hotel in downtown Minneapolis. A standing room only crowd was present to hear talks on a variety of interesting subjects and to view the equipment display. Shown below are pictures of the outstanding turnout for a great program.

KICK THE CHEMICAL HABIT
with high analysis moisture conserving natural fertilizer.
