

GREEN CLIPPINGS

CLIP 1: JANUARY MEETING. The January meeting at Izaty's Lodge on Mille Lacs Lake featured a lot of activity, little of which involved bragging about your catch. Oh, there were some caught but mostly the fun was in the trying. Aside from the fishing, the lodge bar caught most of the action along with cards, pin ball and general jovial conversation. A superb dinner of either steak or pike or both easily satisfied the appetites of the 50 plus outdoorsmen. Vice-President Dennis Hendrickson chaired the short business meeting which featured the acceptance of four new members as reported elsewhere in this issue. Our thanks to Jerry Dubbs for his extra effort in opening up especially for the M.G.C.S.A. and best wishes and all good fortune on the construction of your new nine holes next spring.

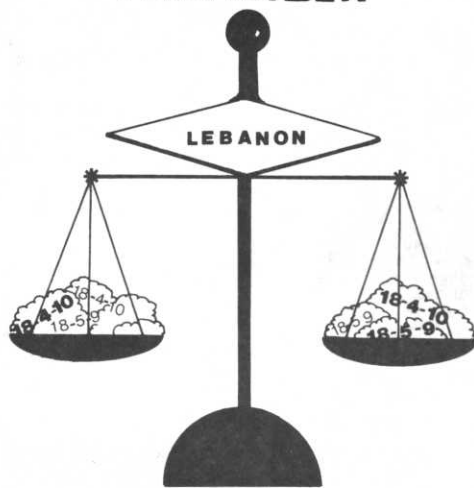

CLIP 2: FROM THE PREZ. A special thank you to the many members and the M.G.A. staff for all the cards, phone calls and visits during my recent stay in the hospital. Also thanks to the association for the beautiful azalea plant. Your concern has been very much appreciated and it made my stay in the hospital much more pleasant. I am recovering quickly and expect to be back to normal in a week or two. THANK YOU. Dick DeSplinter

SKILL AND PATIENCE. M.G.C.S.A. members did not get shut out at Mille Lacs. Roger Kisch, left, proudly displays a 4 lb. walleye caught with help from Larry Mueller, right, and Dean Sime, the photographer, who recorded the event for posterity.
