**FROM THE
PRESIDENT'S
DESK**

**DENNIS
HENDRICKSON**

This is one of the seasons of the year when the importance of the M.G.C.S.A.'s Research Program really becomes apparent. As we battle turf problems of all kinds it is very important to communicate with the members of our clubs so they are aware of what the problems are and what is being done to remedy the situations. Conversations concerning these problems will show the importance of more research. The effect on the game of golf and the costs involved speak loud and clear to the golfer as well as pointing out that the job of the golf course superintendent goes far beyond cutting grass. More research is indeed badly needed.

Last month's meeting at the Mora C.C. was well attended and enjoyed by everyone. The weather even cooperated so we could get out and tour the course as well as look at equipment displayed by Robertson's Turf Care Products. A special thank you to Fred Anderson and everyone at the Mora C.C. for making the day such a success.

The July meeting will be held at Braemar Golf Club on July 13. The July meeting is always our annual family picnic. Once again, the Wileys will don their chefs' hats....so load up the family and come out and unwind. It's always a fun day for everyone. See you there!

GOLF IS LIKE A LOVE AFFAIR:

IF YOU DON'T TAKE IT SERIOUSLY,
IT'S NO FUN.

IF YOU DO TAKE IT SERIOUSLY,
IT BREAKS YOUR HEART.

.....ARNOLD DALY
