

the tournament raising \$2,030.00, a good beginning balance for the fund.

Next year we plan to make a few changes in the format. We would like to make aware the fact that everyone is eligible to play. These people would include managers, golf pros, superintendents, men's club members, people from private clubs and public golf courses as well. The tournament day will be one of good competition and camaraderie among all participants.

We would like to thank Richard Smith of LeSueur Country Club for hosting the October meeting. Turf Supply sponsored a great educational program.

Please don't forget to send in your December conference registration as soon as possible. We are looking forward to another great winter seminar. See you there.

THANK YOU

The Minnesota Golf Course Superintendents' Association would like to express its sincere thanks to the membership and staff of the nineteen clubs that donated use of their courses for our First Annual Turfgrass Research Benefit Tourney. The participating clubs were:
