

EDITOR'S CORNER

TOM FISCHER

As fall draws near, most of us are looking forward to the off season for a well deserved rest. The year 1987 will go on record as a tough year for keeping turf looking up to par. Fall brings some relief to superintendents but, despite some rain, things are getting dry once again. Hopefully, October will bring rain and relieve the strain on the turf and our crew.

We would like to thank Dan Hanson for inviting us to Minikahda Club for our guest scramble. The weather was cool and moist in the morning but by afternoon we could not have asked for a nicer day. You just can't say enough about the beauty of

GCSAA CONFERENCE SETS SALES
RECORD FIVE MONTHS EARLY!

Texans have long liked to claim that their state is the biggest and the best. And the 59th International Golf Course Conference and Show -- slated for Houston in early 1988 and sponsored by the Golf Course Superintendents Association of America (GCSAA) -- is certainly on its way to upholding the Texas tradition.

With nearly five months to go before the doors open to the expected 14,000 attendees, the Show's exhibition space reservations are already ahead of the 1987 total.

More that 112,000 square feet of display space has been committed to various manufacturers and distributors from all over the world. This surpasses the previous record of 108,500 square feet in Phoenix earlier this year.

"We still have some space available, but it's truly incredible how quickly everyone has responded," said Tuula Wright, sales and marketing manager for GCSAA. "The industry is booming, and exhibitors are anxious to display their products to the buyers, the golf course superintendents."

The show will run Feburary 1-8 in the George R. Brown Convention Center. The event will be among the largest shows to be presented following the completion of this dramatic new facility.
