We have survived almost another season. The fall season is upon us and hopefully we aren't to battered and bruised to get our winter preparations under way. The list of things to do is endless but I'm sure a lot of golf courses are going to be looking at more secure water sources and irrigation system updates.

I have been very lucky this season and haven't had a major breakdown since April. This season has shown my Board of Directors the importance of an efficient and full coverage irrigation system so this fall we're adding more sprinklers in the rough and replacing some old piping. I can't say I'm happy about the drought, but it has given me an opportunity to demonstrate some of our weak areas on the golf course.

A great day was had by all those that attended the tournament and appreciation for Kurt Erdmann at Rochester
