*Popular and relatively easy to grow.

Thompson Commander Series Brass Rotor

For over 80 years Thompson gear driven rotors have been operating on golf courses and commercial projects around the world. Long recognized as the world's finest, these units will make you forget there is such a thing as sprinkler maintenance.

Thompson Golf

- Valve-in-head electric or hydraulic
- Water efficient. Near perfect CU requires less run time per station.
- Pressure can be regulated from the top while reading the gauge mounted on the top of the sprinkler
- 7 year (non-prorated) warranty
