## They're known by the greens they keep.

Lush, beautiful greens and tee boxes are well-known to superintendents who use Ringer Greens Products. With five finely-granulated formulations available, you can match our fertilizer to your needs throughout the seasons. Each formulation releases the precise amount of nitrogen needed to eliminate burning and green-up greens evenly. The remaining nitrogen is reserved for slower release to encourage consistent growth. Try Ringer Greens Products. Your greens will be in good company.

# RINGER®

Distributed exclusively by  
 Precision Turf & Chemical  
 (612) 559-5293

Ringer offers a complete line of fertilizers for greens, fairways and general turf applications.
