

## New Turf Management Course for College Credit

The University System of Georgia has recently announced the availability of an independent study course in turfgrass management.

Through the use of detailed lesson plans, textbook, lab manual and videotapes, an individual can earn college credit while completing this course in the comfort of his or her home or workplace.

All the basic principles of turfgrass management for both cool-season and warm-season turfgrasses are thoroughly covered. For example, some of the topics include turfgrass selection, soils, establishment, mowing, fertilization, irrigation, thatch control, pest control, etc.

In addition, the course offers laboratory-type exercises on turfgrass and seed identification, spreader and sprayer calibration, pest identification, etc.

For more information, call the University of Georgia Independent Study Office at (706) 542-3243.

**HAVING A GOOD TIME AT THE CHAMPIONSHIP** (from left) are Scott Weltzin, Pheasant Run G.C.; Pat Walton, Rolling Green; Steve Hamelau, Alexandria, and Host Superintendent Keith Greeninger, Baker National.

## Scotts FF-II is your first line defense against winter diseases

In university testing Scotts FF-II has consistently outperformed all other PCNB products. In one convenient application, FF-II controls pink and gray snowmold, cool season brown patch, leaf spot, dollar spot, stripe smut and rust while providing a dormant feeding of 14-3-3 fertilizer for early spring green-up.
