**Par Ex®**  
introduces  
a family of  
mid-sized  
fertilizer  
grades  
designed  
to meet  
the needs  
of today's  
closely-  
mowed  
turf.

THE EX STANDS FOR EXCELLENCE

Par Ex® and IBDU® are registered trademarks of Vigoro Industries, Inc.

### WHY MID-SIZE GRADES FOR CLOSELY- MOWED TURF?

**BECAUSE** fairway-sized particles are too large to apply to closely-mowed turf.

**BECAUSE** greens-sized products can be difficult to spread.

**BECAUSE** IBDU<sup>®</sup> is the most reliable, most consistent source of slow-release nitrogen.
