ESID

ELECTRICAL STORM IDENTIFICATION DEVICE

Early warning of thunderstorm activity in your area is essential when you need to make critical decisions regarding personnel safety and the isolation of sensitive equipment. The **USGA, PGA,** and over 500 individual golf courses rely on **Global Atmospheric Inc.**, manufacturer of **ESID**.

Renowned organizations such as NASA, Seaworld, the National Weather Service, the U.S. Military, American Airlines, MCI and hundreds of customers in over 30 countries worldwide have chosen **Global Atmospheric** to meet their lightning warning, detection and information needs. This depth of experience is just one of the reasons that led **TORO**, the leading turf management organization in the world and **QPS**, manufacturer of the #1 golf course siren system, **COURSE ALERT**, to select **Global Atmospheric** to co-develop a product to meet the unique needs of their golfing customers, friends and associates.

That product is **ESID**

When you need...

- 100% Thunderstorm Detection Efficiency
- Complete Warning / System Shut-down Automation
- Zero False Alarms
- Highly Accurate Range Information
- Easy Installation
- Low Maintenance
- Patented State of the Art Technology

...and the **confidence** of teaming up with the **World Leader** in lightning detection and location.
