

Dr. Brian Horgan, left, receives a donation from Todd Loecke on behalf of Syngenta Turf and Ornamental at the Annual Meeting.

New Arrival

Adeline Grace Carson entered the world at 9:01pm on January 21. She weighed 4750 grams (10 lbs. 8 oz.) and was 53.5 cm (21 inches) long. Mother Sara and baby are doing very well. -- Troy Carson.

"Bailey for Dog of the Year"

Are you heading to San Diego for the national convention in February? If you are, take a few minutes to stop by the Lebanon Turf booth at the trade show and cast your vote for Bailey for dog of the year.

Bailey was the "cover girl" of this year's SuperNews Superintendents Best Friend Calendar, co-sponsored by Lebanon Turf. All of the canines in the calander are now competing for the title of dog of the year.

The winner and their owner recieve \$500 at Lands End and \$2,000 is donated back to their local superintendents organization. So help us win the \$2,000 for our MGCSEA. Take a few minutes to stop by the Lebanon Turf booth and vote for Bailey.

BIOPRO®

Soil Remediation Products

- Exsodis™ (5-0-0-12Ca)
 - + Remedies sodic soils
 - + Increases surface infiltration
 - + Source of Calcium
- Kleenstart™ (6-0-0)
 - + Aids in degradatiion of toxic compounds
 - + Increases microbial activity
 - + Aids in decomposition of thatch and black layers
- Nutralyz™ (12-0-0-26S)
 - + Reduces soil pH
 - + Reduces bicarbonate and sodium
 - + Excellent source of nitrogen and sulfur

Micronutrient Blends

- Magnesium Plus™ (7-0-0-6)
 - + Enhanced turf color
 - + Rapid response from foliar uptake
 - + Increased turf vigor
- Manganeses Plus™ (0-0-0-5)
 - + Rapid response from foliar uptake
 - + Increased nutrient uptake from citric and fulvic acids
- Nutrisolve™ (Mn, Cu, Zn, Fe, S)
 - + Balanced supply of micronutrients (B, Cu, Fe, Mn, Mo, Zn)
- Silica (0-0-0-5)
 - + Increased wear tolerance during heavy play
 - + Upright growth produces a more uniform putting surface

NPK Nutrient Blends

- Greens Plus™ (12-0-12)
 - + Balanced nitrogen and potassium
 - + Low burn potential
 - + Slow release nitrogen
 - + Minimum growth surges
- Greens Plus™ (14-4-10)
 - + N-P-K in same ratio as turf tissue
 - + Low burn potential
 - + Slow release nitrogen for more consistent growth and color
- TurfPlex™ (20-2-3)
 - + Increases overall turf vigor
 - + Balanced nutrient blend

Water Management & Remediation

- pHPerfect™
 - + Improves water penetration
 - + Improves soil structure
- H₃O™
 - + Increases watering efficiency
 - + Delays wilt
 - + Increases seed germination
