### *Hiring Interns or Entry-Level Staff Anytime Soon?*

We invite you to share your job and internship announcements with horticulture students at the University of Minnesota. The new GoldPASS system makes it easy to post your positions and view resumes of potential job candidates at no cost. Positions posted on this service may be viewed by all U of M students and are automatically e-mailed to interested students. Simply go to [goldpass.umn.edu](http://goldpass.umn.edu) to set up an account so you can get started.

The LandIt! system is another service which allows employers to advertise positions to students across the state the Minnesota. This system, targeted at students in four-year colleges and universities in Minnesota, is online at [www.landit.org](http://www.landit.org).

If you have questions about these services or other matters related to hiring horticulture, agriculture or related University of Minnesota students, please contact the St. Paul Campus Career Center at 612-624-2710.

### *Interlachen's George Carroll Named National Club Manager of the Year*

Interlachen Country Club general manager George Carroll has been named 2006 National Club Manager of the Year by Club Management Magazine.
