**THE TURF GUARD WIRELESS
SOIL MONITORING SYSTEM**

The Turf Guard Wireless Soil Monitoring System. Get the essential soil information you need, when you need it. Stay up to date on your current soil conditions no matter where you are. Get the information you need to make important decisions in real time. Turf Guard sensors instantly track soil moisture, salinity, and temperature, saving you time. Repeaters mount easily inside all Toro Network VP®, Network LTC® Plus, and E-OSMAC® satellite pedestals.

SHARP SHOOTING AT THE FALL MIXER

Judd Duininck, Duininck Golf, participated in the Fall Mixer at the Minnesota Horse & Hunt Club and helped lead his team to a top 10 finish. (See story by Arrangement Chair Tom Proshok on Page 5.)
