What the Hail Happened at Spring Hill?

MOTHER NATURE VISITS SPRING HILL, AGAIN

Last fall, a tornado touched down between fairways at Spring Hill Golf Club in Orono/Wayzata. Though the marsh land was flattened, there was minimal damage to the course considering it was a tornado. On June 25, however, Mother Nature decided she wanted to dump golf ball-sized hail all over the course. The hail created thousands of pitch marks on every green. The repair was tedious and the course was closed for member play for two days.
