Flight of a Lifetime

By RYAN MOY
Hazeltine National Golf Club

Tournament prep for the
2009 PGA Championship at
Hazeltine National was unfor-
gettable. A task, that involved
the talent of a local pilot and a
creative camera man, was to
obtain aerial footage of the
course. It was not until the last

half hour of filming did the
'Flight of a Lifetime' become a reality. The call came over
the old fashion radio and my Toro Workman transformed
into a helicopter. I was airborne. As the course turned
into a large stage complete with all performers on set the
curtains rose. Communication headphones, sunglasses,
and a camera was all a turf guy needed to watch and lis-
ten to the show. The Clubhouse, 10 fairway, 16 green, 15
fairway, the tree trimmers, the bunker rakers, mowers,
sprayers, the shop, all in unison. Wow! Then, the final
approach over 18- 150 yards out turns into a throw to
home plate as the green and the stands become the back-
drop. The crowd goes wild (not really, but I sure thought
I heard them) and all too soon my helicopter turns back
into a Workman, but with a camera loaded with at least
one hundred pictures sitting in the cup holder. Truly a
memorable experience!

THE GOLD STANDARD

NOW AVAILABLE IN GREEN.

When it comes to course appearance, there is no trophy for second place. That's why we developed new Reserve™ Fungicide. Reserve delivers superior, broad-spectrum disease control without turf thinning that other fungicides can cause. To learn more, contact the representative above or go to www.BackedByBayer.com/Reserve.
