

The MGCSA wishes to thank Reinders, Inc for their cosponsoring with the Minnesota Golf Association the program Turfgrass Heat Stress: Problems and Solutions seminar held April 25 at Midland Hills Country Club and hosted by Superintendent Mike Manthey. Three industry specialists, Dr. Brian Horgan, USGA Regional Specialist Bob Vavrck and Dr. Jim Kerns from UW Madison shared their research and insights in the turf industry. Over 100 individuals were in attendance from General Managers to Club Presidents to Pros.
