Presidential Perspective page 5

Scottie Hines CGCS

In Bounds pages 7-9

Jack MacKenzie CGCS

Within the Leather pages 48-49

Dave Kazmierczak CGCS

Imagine GPS assisted chemistry applications. The time is now and the equipment is available! Ken Roast shares the latest and greatest in spray technology.

Cover: Prairie once covered central and western Minnesota. The little blue-stem shown at Windsong Farm is now found primarily along roadsides and in protected preserves. Although time consuming to establish, native prairie plantings can be long lived and low maintenance once they are established.
