

RESEARCH PROGRAM

Larry Vetter, starting his second term as President of the MGCSA, will devote considerable effort toward the success of the Research Program and to start it off with evidence of his efforts he presented Dr. Ward Steinstra of the University of Minnesota with a check from the MGCSA to help support the work being done in research at the University. Larry requests and urges every Superintendent to get behind this program wholeheartedly by requesting financial contribution from their club.

Remember every penny of such a contribution goes into research, not one penny is used for administration cost of any kind.

Have the club, or if the contribution is given to you, complete this form and send it in with the check.

Dr. Ward Steinstra Larry Vetter

We wish to contribute \$ _____ to the research fund. Enclosed is our check.

Mail to A. W. Wareham, 5600 Chowen Avenue, Edina, Minnesota 55410.

Put the power where the job is
