Edina, MN 55410

July 21, 1975

Gentlemen:

On behalf of the Staff and Residents of the Minimum Security Unit I wish to thank the members of your Association for the knowledge, effort and cooperation extended to us in relation to improving our golf course and golfing skills.

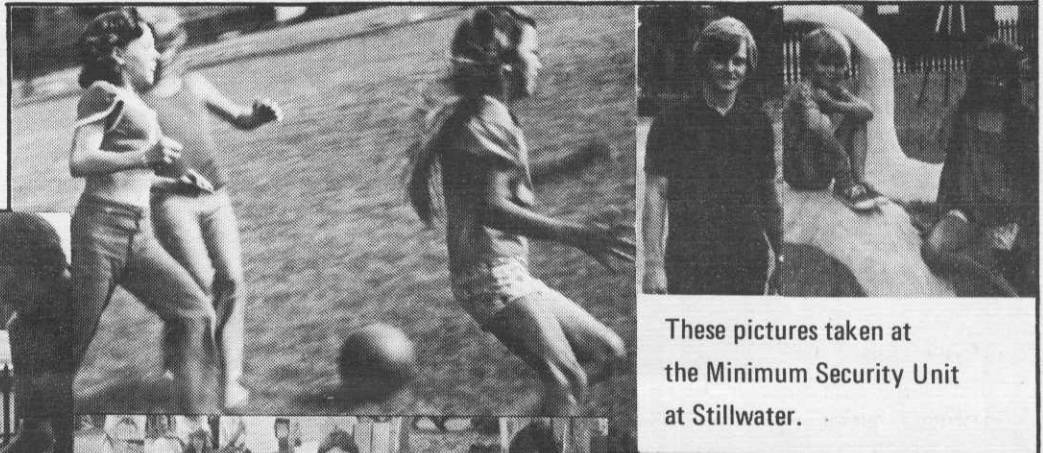

It is a pleasure for us to know you, work with you and to discuss the many aspects of the sport of golf and golf courses. There will be many men that will develop a skill that they can take back into the communities with them and have an enjoyable way to spend their liesure hours.

We do hope that your members and their families enjoyed the picnic dinner here with us this past Monday and that each of you will feel free to stop by and "shoot a round" with some of us when the course is completed.

Again, a sincere thank you for your assistance, cooperation and friendship. Your efforts will be long remembered.

Sincerely,

David L. Hoskins  
President  
MSU Advisory Council
