| | | | | | | |

FASTER - 67" cut width. Mowing speed to 5.5 M.P.H.

MORE PRECISE - Ground speed and reel speed independent of each other so clip frequency can be varied from .046" to .276" and accurately at operator descretion.

LESS THATCH - Dual steering tires give less scuffing. Less pressure on the ground than a man walking.

SAFER - No danger of hydraulic oil damage to greens.

CALL for demonstration on greensmower or other Golf Course Maintenance Equipment.
