

MEET YOUR SUPERINTENDENTS !

JOE MORIS, head golf course superintendent at the Tartan Park Golf Club, was associated with this 3M owned recreational paradise long before the graphite shaft was even a dream in the inventor's mind. Although only taking over the head superintendent's position in 1975, Joe has worked at this fine course since 1959. M.G.C.S.A. Life Member Ray Moris had been the superintendent for many years before turning his duties over to Joe, and the experience he gained by serving under his Dad has proven invaluable to Joe ever since. A member of M.G.C.S.A. since 1965 Joe and his wife, Bonnie, have two beautiful daughters, Kari, six, and Kristin, sixteen months. A surprise to no one is his favorite hobbies of hunting and fishing.

TONY MAGINA is presently in his thirteenth year as golf course superintendent at the Roseville-Cedarholm Golf Course. A Hibbing, Minnesota native, Tony became interested in golf at an early age and expanded his knowledge by caddying, playing in Junior Tournaments and working with golf through his entire youth. At one stage, Tony had honed his golf game to such perfection that he was able to participate in several State Open Tournaments. A member of G.C.S.A.A., he has also served on the Board of Directors of M.G.C.S.A. since joining the Association in 1965. Tony claims he never finds enough time for his favorite hobbies of hunting and fishing and that is probably why he and his wife, Pauline, celebrated their 35th Wedding Anniversary last year.
