

## 1978 RESEARCH FUND REPORT

Letters requesting donations to the Research Fund along with suggested amount invoices have been sent to all club presidents this past week. Each M.G.C.S.A. head superintendent received a copy of the letter and invoice. He is asked to follow up if he is not contacted by the president shortly. The following donation got our 1978 fund started in a fitting manner:

"Enclosed is my check for \$100.00 to be used in the Research Program. This is given in memory of my husband, Leo J. Feser, who was so vitally interested in all phases of golf course work. Thank you for sending me the HOLE NOTES. I really do enjoy reading the news about the Minnesota men."

Sincerely,  
Florence Feser

## YOUR BEST SOURCE OF WATER

- Experienced well drilling contractors
  - Well and pump maintenance and repairs
  - 3-D well photo surveys
  - 24-hour answering service
