

MEET YOUR SUPERINTENDENTS !

JOHN PREDIGER has one of the most unique situations of any superintendent in M.G.C.S.A. John not only is the golf course superintendent at the Rum River Golf Club in Princeton, Minnesota but he is also the green chairman of the same club. Three years ago when as green chairman he was appointed to find a superintendent, he decided to fill the vacancy himself and he has found his new vocation rewarding but challenging ever since. John attended the Turf Program at Anoka Vo Tech after his first summer and he also finds practical experience to be a great teacher. John and his wife, Joan, have three daughters and not surprisingly, John's favorite pastime is playing golf along with racing cars.
