

Terra 200

FASTER?

Yes - over 8,800 holes per minute - 3 foot cultivating width.

Model 320 (Over 14,000 holes per minute on 5 foot cultivating width.)

BETTER?

Yes—the speed of Terra 200 allows you to get the job of aerating done during the very limited time when conditions make it the “right time”. And when your turf needs aerating, you won't hesitate to do the job more often—
