MOTOR 180

The Lightweight Compact From Ransomes

- * The perfect mower for around tees and greens, bunkers and approachways and it's lightweight feature eliminates compacting of delicate turf areas.
- * Wide stance and low center of gravity give it exceptional performance on the steepest of hills!
- * Choice of fixed or floating head cutting units let you choose the correct finish for your turf.
- * Unlike wheel driven units, cutter speed is independent of ground speed, so cutting efficiency is maintained even at a low speed.

OPTIONAL ACCESSORIES INCLUDE GRASS CATCHERS AND REEL LIFTS!
